

THE INTELLIGENCER.

LOCAL MATTERS.

BRIEF MENTION.

When the weather is such that you cannot work in your farms, make a visit to town and renew your subscription to the Anderson Intelligencer.

Wonderfully cheap are the harness, saddles, plow gearing, &c., sold by Chapeau & Heffron, Charleston, S. C. See their advertisement elsewhere.

It is whispered around that a number of pretty girls from a distance are coming to the Anderson Fair. Beaux not otherwise engaged will note the fact.

Mr. O. H. P. Fant has just received one hundred and thirty boxes and caddies of tobacco, which will be sold at the lowest cash prices. His office is at the store of Messrs. Barr & Fant.

At an election held in Pendleton on last Monday, 13th inst., the following persons were duly elected to serve for the ensuing year: James Hunter, Indentant; C. Randall, T. S. Crayton, J. D. Smith and J. C. Cherry, Wardens.

Mrs. Polly Hall, relict of the late Van Hall, of De Kalb County, Ala., departed this life on the 8th day of August. She was a sister of the Rev. Jacob Burris, of this County, and has numerous friends and relatives throughout this section.

F. A. Connor, Esq., of Cokesbury, District Deputy Grand Master of the First Masonic District, has made official visits to several Lodges in Anderson County during the past week. His lectures and instructions to the craft are received with much satisfaction.

Mr. Archibald Pettigrew while bridling a horse one day last week, had his wrist broken in two places by the animal attempting to bite him. Such a vicious horse is rarely met with. We are glad to learn that his injuries are improving.

We are requested to announce that the Greenville District Conference of the Methodist Episcopal Church, South, will convene at Sandy Springs camp-ground on Thursday morning, Sept. 16th, at 9 o'clock. All visitors will be passed over the railroads at one first-class fare for the round trip.

The fall session of the Carolina Collegiate Institute opened on Monday last with nearly eighty students, which is a good beginning. President Ligon is prepared to give instruction and accommodation to a much larger number, and we trust that none will delay in sending their sons and daughters, as it is important for students to begin with the term.

We direct attention to the advertisement of valuable lots for sale at Liberty, a new station on the Air Line Railroad, in Pickens County. The lots are eligibly located, we understand, and will furnish excellent building sites. The surrounding country is settled with thrifty and intelligent farmers, and we have no doubt that a flourishing town will spring up at Liberty.

An interesting revival meeting has been in progress at Robert's Church, nine miles west of Anderson, conducted by Rev. Robert A. Reid and Rev. James H. Thornwell, who were assisted a part of the time by Rev. D. E. Frierson. Between fifteen and twenty persons connected themselves with the Presbyterian Church, and many anxious sinners were enquiring the way of salvation.

We would again state to the public that all notices from Administrators and Executors must be paid for in advance of their insertion in this paper. We cannot deviate from this rule, and hope no one will ask us to do so. Any person who looks over our books under the credit system will fully understand the reason which compels a uniform enforcement of the cash rule in regard to these advertisements.

Our Own Illustrated is the title of a paper published semi-occasionally by Wm. Lee & Co., of Honea Path. It is filled with illustrations of various styles, and tells all about Christopher Columbus, who went crazy several hundred years ago and discovered America. Our enterprising friends at Honea Path are ready for the fall and winter trade, and invite an early inspection of their splendid stock of goods, which has been carefully selected by one of the partners.

The case of Mr. J. B. McGee, charged with violating the town ordinance, came up for trial before the Town Council on Monday last. Mr. McGee was represented by Messrs. McGowan & Moore, Murray & Murray, and Jas. L. Orr. Major Moore moved for a continuance of the case to give the defendant time to prepare for his defense, and to await the return of Messrs. Crayton, Towers and Bleckley, who are material witnesses. The motion was granted, and Tuesday, the 28th inst., set for the trial.

The Committee of Arrangements from the Masonic fraternity, who are to provide suitable entertainments for the public every evening during our Agricultural Fair, will make every effort to furnish pleasing and satisfactory entertainments. The Amateur Theatrical Company will occupy the stage one evening, and the ladies will undoubtedly aid the Masons in providing a Hot Supper, with all the et ceteras, on another evening. The proceeds are to be devoted to the extinguishment of the debt for the building and grounds of the Carolina Collegiate Institute.

A revival meeting at Cross Roads Baptist Church, which was in progress for only a week, resulted in the accession of forty-six persons up to Monday last. The pastor, Rev. E. R. Carswell, has been assisted by Rev. W. E. Walters, and the meeting continues this week with unabated interest. Scores of persons are seeking an interest in the prayers of Christians, who feel that God is doing a most wondrous work in their midst, such as has not been witnessed for many years. The meetings are deeply solemn, and although the house is nightly crowded, perfect order, quiet and attention are strictly observed.

Among the recent notable inventions we observe that Rev. R. F. Bradley, of Moffettsville, S. C., has secured a patent for an "improved station for submarine telegraph," which is likely to attract much attention. The object of this improvement is to establish stations in mid-ocean, by which messages can be sent from any point of the ocean along the line of cable to the shore, and vice versa. A hollow sectional column, with base plate attached by ball-and-socket joint, is lowered into the water and anchored rigidly to the bottom. The branch cable is coupled to the main cable, and carried along the column to the surface of the water, to be there placed in connection with instruments on board of the vessels.

THE COUNTY FAIR.

The eighth annual Fair of the Anderson Farmers' and Mechanics' Association will, we trust, be the greatest success that has yet been achieved by this Association. We are gratified to learn that a very general participation in the contest for premiums is expected, and especially that the interest of our farmers in it is on the increase. We hope that the exhibition will be extensive in all its departments, for it is by seeing the success of others that we are urged to greater exertions for advancement in whatever calling we may follow; so that it is not only a benefit to the persons who exhibit their articles, but also to the County at large. These annual gatherings of our people, and the exhibition of their year's achievements in the various branches of honest industry, are the surest possible means of improvement in those industries, and should be encouraged in every way possible by those who wish to contribute to the general prosperity and advancement of his neighbors as well as of himself. Therefore, we would urge every one who can possibly do so, to prepare to exhibit at least one article, and as many more as possible, at the coming Fair at Anderson on the 27th, 28th and 29th of October next.

THE PREMIUM STOVE.

The Acorn Cook, No. 68, manufactured by Messrs. Rathbone, Sard & Co., of Albany, New York, and worth forty dollars, is the stove offered by the directors of the Anderson Farmers' and Mechanics' Association to the young lady under twenty years of age who will cook and serve the best dinner, not to exceed six dishes, upon the grounds during the coming Fair, on the 28th of October next. The stove has arrived and is at the store of Messrs. Crayton & Sons. It is in thorough order and well supplied with the usual cooking utensils. We hope the number of competitors for this valuable premium will be large, thereby manifesting the skill which the young ladies of our County possess in this practical department of housekeeping. A separate stove will be prepared for each competitor, so that all who wish to enter are requested to send in their names to the President, Mr. B. F. Crayton, or the Secretary, Capt. James A. Hoyt, as soon as convenient.

A PLEASANT REUNION.

We had the pleasure of attending, on Tuesday, the 7th inst., an occasion which is of rare occurrence. It was the 77th birthday anniversary of Mr. Moses Dean, a respected citizen of this County, which was celebrated by a sumptuous dinner, at which fifty-one of his children and grand-children were present, together with about thirty-five relatives and friends of the family, making in all eighty-six guests. Mr. Dean has been married fifty-three years, and has fifteen children and grand-children in the State of Texas who were not present on his birthday. With the exception of dim sight, he is as vigorous and active as most men who are his juniors by twenty-five years. We hope that he may yet have many returns of his birthday anniversary, and that all may be as bright and happy for him as the one just passed.

CAMP MEETING.

The usual Camp Meeting at Sandy Springs begins to-day, and will continue until Sunday, if not longer. We learn that the district meeting of the Methodist Episcopal Church has been united with this meeting, and hence it will possess unusual interest this year to the members of the denomination, and also to the others who may be present. The customary trains on the Blue Ridge Railroad from above and below the Camp Grounds will be run on Sunday, so that those wishing to attend on that day can go by rail if they desire.

THE COUNTY SINGING CONVENTION.

This body will hold its annual session, commencing on Friday, the 24th inst., and embracing the following Sabbath, at the New Lebanon Baptist Church. It is to be composed of delegates from singing societies, choirs and Sabbath schools, irrespective of denominations, in Anderson County. Rev. S. Lander, E. B. Murray and Rev. E. R. Carswell have been invited to address the body on Sabbath morning.

MANUFACTURERS OF  
**BUGGIES, PHÆTONS, ROCKAWAYS, CARRIAGES,  
WAGONS, &c., &c.**

ESPECIAL attention paid to REPAIRING, and all work fully warranted. We claim the most thorough Ironwork, Wood work, Painting and Trimming, as we employ only the best workmen.

None but well-seasoned lumber used in the manufacture of our work. All persons desiring to purchase are cordially invited to call at our Manufactory, (at the buildings formerly owned by John A. Reeves, Esq.,) and inspect the work for themselves.

BUGGIES always on hand at our REPOSITORY, (near the Railroad Bridge, on Main Street,) where Mr. Joseph Martin can always be found, ready to sell a new set of HARNESS, or to repair old ones.

Anderson, Sept. 9, 1875 8 1y

**SULPHURIC ACID  
AND  
Superphosphate Com'y.**

**ETIWAN FERTILIZER.** The Etiwan will pay on small grain.

**ETIWAN DISSOLVED BONE,** the best Superphosphate on the market, peculiarly adapted to the growth of small grain, clover and grasses.

We can also supply a preparation called Chemical Crop Food, for composting or using alone, which we recommend for small grain, grass or root crops. The chemicals for composting are put up in barrels of 250 pounds net. Each barrel contains 200 pounds of twenty-nine per cent. Soluble Bone Phosphate of Lime, and fifty pounds of Muriate of Potash, yielding forty-five per cent. pure Potash; hence, each barrel would supply of Soluble Phosphoric Acid, 24 pounds; Sulphate of Lime, or Land Plaster, 94 lbs.; pure Potash, 22 lbs. From the richness of this preparation it is shipped in barrels, and may come in a soft state, mushy. In this case it can be dried at once by putting sufficient dry ashes or dust, and rubbing the same together, which should always be done to thoroughly disintegrate and separate the fertilizer. Two barrels, with one thousand five hundred pounds Stable Manure, will make a ton of home-made home-spun Fertilizer. "The working man's friend."
